OCEANTECH
SHIPPING & TRADING LTD

Your trusted **Marine Spare Part Distributor**

About us

Oceantech Shipping & Trading LTD is a Marine oriented Spare Parts Trading & Technical Consultancy Company, founded back in 2013. Our Headquarters are in Limassol Cyprus, where as our operational office is in Athens-Greece. Oceantech Shipping & Trading LTD has established a strong position as Marine Spare Parts Distributor and Official Representative of well recognized Marine Manufacturers. Moreover, our team focuses on satisfying our customers with supreme costumer after sale support.

Main Activities

- Supply of High Quality Spare Parts from Korea, China, Northern Europe & Japan
- Official Representative of Marine Equipment Manufacturers & Service Providers
- Stern Tube Seals Spares & Service
- Thruster Spare Parts & Services
- Deck Equipment Supplies
- Marine Technical Services
- Newbuilding Equipment

Our Mission & Core Values

- Reliability for every service we offer to our customers
- To satisfy our customers with our prices and quick response
- To expand our client base and market power
- Responsibility towards the international defined standards and quality procedures
- Flexibility for assisting in due time every ship manager
- Transparent Procedures in all our transactional operations

CUMMINS GENERATORS

Service Station—Michelioudakis

Oceantech Shipping & Trading LTD proudly introduces our associate workshop ''Cummins Service—Michelioudakis'', a long established service station and service provider for Cummins Engine repairs

Main Activities

- Repair & Overhauling of Cummins Engines
- Supply of OEM and Genuine Spare Parts
- Reconditioning and Calibration of PT Fuel Pumps/ Injectors
- Supply on exchange basis and repair of critical spare parts such us Turbochargers, Pumps, Cylinders Covers, Injectors, Governors etc
- Supply of 2nd hand spare parts

Types & Models

- CUMMINS 4BT 3.9lt, 6BT 5.9lt, 6CT 8.3lt
- CUMMINS V504, VT555, VT903, VTA28
- CUMMINS NT 855, KT 19, LT 10, M11
- CUMMINS KT 2300, KT 50

Cummins Service - Michelioudakis with over 40 years of experience, is your one stop Service Station for offering any kind of Technical Support, Gensets Rental Schemes for your needs and Quality Spare Parts. 24/7 Guaranteed Availability

Marine propulsion service company

Your partner for Stern tube seals
& Marine propulsion parts & services

We keep your Interests First!

Stern Tube Seal Spare Parts

Our Ocean Seal® stern tube seal spare parts are made in Europe to our own high specifications, using FKM (commonly referred to as Viton®) or HNBR (commonly referred to as Perbunan S®). They fit lip seal systems of all major brands of oil-lubricated systems, including air seals. Our Ocean Seal® stern tube seal spare parts are compatible with all common maker systems. The materials we use for our stern seals are suitable for both EAL oils and mineral oil.

Complete Stern Tube Seal Service Kits
Our seals are offered with a complete installation kit. Installation kits contain: Liner O-rings, O-rings for oil lines, Gaskets, Anodes and fasteners. This kit complies with or exceeds your needs. A cost-efficient solution.

Compatible with:

- Simplex (SKF)®,
- Kobelco®,
- Kemel®,
- Eagle Seals®,
- Wärtsilä®,
- Lips®,
- John Crane®,
- Waukesha®,
- Chuetsu®,
- Dover Japan®,
- JMT (Japan Marine Technology)®,
- Deep Sea Seals®,
- IHC Lagersmit®.

Stern Tube Seal Service

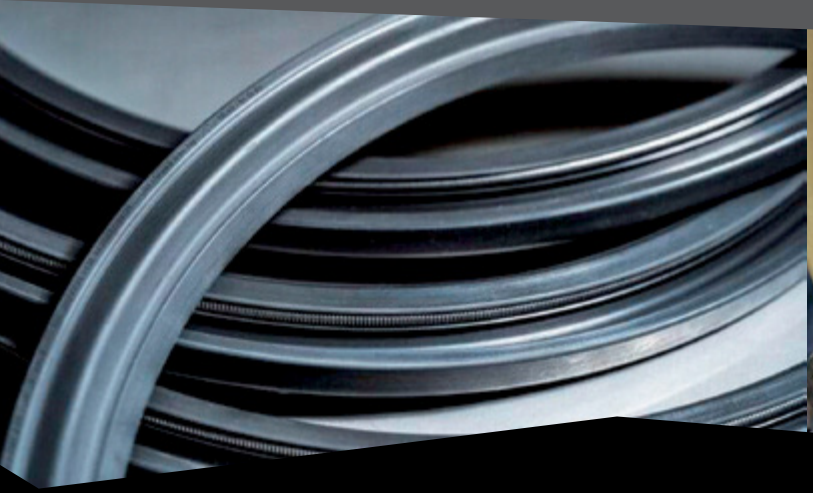

Whether your vessel is in drydock or afloat, whether the shaft is withdrawn or seal bonding is required, you can benefit from our years of experience.

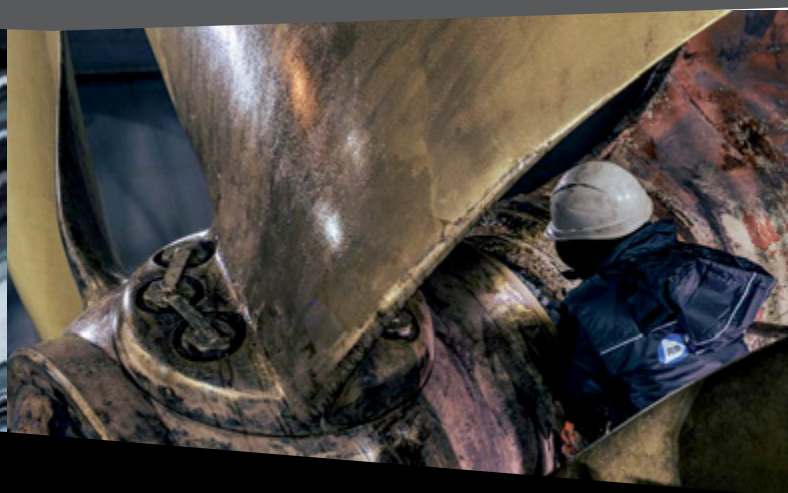

As an independent service provider for the repair and maintenance of propulsion systems, you can expect us to be:

- Ready to travel worldwide.
- Local service stations in the Netherlands, Estonia, China and Turkey.
- Cost efficient.
- Available 24/7.
- Highly motivated, Fast.
- Transparent.
- Realistic.

Technical advice + Trouble shooting
RM Propulsion can provide technical advice in case of problems with the stern tube seals. We help customers out 24/7. Free of Charge!
If you have any leakages. Please call! Our aim is to keep your vessel going.

- Schottel®,
- And many more…

Propulsion Spare Parts

We offer a range of propulsion thruster spare parts as part of our overall propul-sion services, compatible with most bow, stern, and azimuth thruster systems. These may be included in your quotation unless you have your own spares to use already. We always begin with a free consultation, offering you advice to make sure you can make an educat-ed decision on what you need.

Our thruster spare parts

RM Propulsion offers thruster spare parts for bow, stern, and azimuth applications, as well as CPP and FPP systems. Thruster spare parts compat-ible with your system; Brand and type-specific kits with every-thing you need for a full overhaul, including:

- OEM Bearings
- Shaft seals
- Gaskets
- Shims
- O-Rings

Thruster spare part compatibility

We carry propulsion spare parts for systems from a wide range of manufacturers:

- Berg®
- Brunvoll®
- Jastram®
- Kamewa®
- Kamome®
- Kawasaki®
- Kongsberg®
- Lips®
- Nakashima®
- Rolls-Royce®
- Schottel®
- Ulstein®
- Wärtsilä®

All our services come with a detailed service report.

Short lead time, fast delivery!

‘creativity at work’

Research & Development

Our RM Propulsion team is creative. We’re not satisfied with following in others’ footsteps – we want to challenge the unknown ourselves. We see research and development as a key part of our strategy, and we’re constantly working to innovate in both our products and our services. This makes us the best we can be – and enables us to be your ideal partner in stern tube and propulsion services.

Oceantech Shipping & Trading Ltd is an official partner of Startwell Engineering, supplying mechanical marine engine starters and spare parts in Greece and Cyprus.

Startwell Engineering is a UK-based company and a global leader in mechanical starters for diesel engines, designed for reliability in demanding marine and offshore environments

Product Range:

MINI – For small engines
MIDI – For medium bore engines
HEAVY DUTY MIDI – For higher torque requirements
MAXI – For large marine engines
HEAVY DUTY MAXI – For offshore & demanding environments
SUPER MAXI – Maximum power for large engines

Key Features

- Fully mechanical (no electricity required)
- Waterproof & corrosion resistant
- Works after full water immersion
- Flame-proof / spark-free
- Maintenance-free operation

Marine Applications

- Workboats – Ensuring smooth and consistent engine starts for towing, dredging, and transport vessels
- Lifeboats – Fast and reliable ignition for emergency evacuation and rescue missions
- Emergency Generators – Immediate startup of backup power systems onboard ships
- Water Pumps – Reliable operation for cooling, circulation, and bilge systems
- Fire Pumps – Quick activation of firefighting systems on ship decks
- Oil Rigs – Reliable starting for pumps and offshore safety systems

Oceantech Shipping & Trading Ltd is the Official Distributor for the Greek & Cypriot Market of **Sealantern Electronics Co., Ltd.**

Sealantern Electronics Co., Ltd. is a Hi-tech enterprise that mainly produces marine electronic products. Directed by high level technology, Sealantern integrates the R&D and manufacturing, follows the IMO's new regulation and aims the international market to enlarge its productive range and development

Product Categories:

- MGPS. Marine Growth Preventing System
- ICCP. Impressed Current Cathodic Protection System
- WIAS. Water Ingress Alarm System
  (1) ECR. Integrated Monitoring & Alarm System
  (2) Level Gauging & Valve Remote Controlling System
  (3) Tanker Monitoring (Level Gauging, temperature, Pressure etc) & Controlling System
  (4) Flood Detection System on Passenger Ships
  (5) Overflow Monitoring & Alarm System
  (6) Anti–Heeling Controlling System
- BNWAS. Bridge Navigational Watch Alarm System
- VDR/SVDR. Voyage Data Recorder
- TOCS Tele – monitoring Oil Consumption System on Shore
- WDMAS. Wind & Depth Monitoring Alarm Device
- SENSOR. Marine temperature & Pressure Instruments

MGPS

Oceantech Shipping & Trading Ltd. can assist your technical department by presenting Sealantern product portfolio, provide 24/7 after sales support, monitor the installation and offer you every kind of spare parts.

Budget effectively the Drydocking Spares of your fleet by using original spare parts from Sealantern Electronics Co.Ltd

WIAS

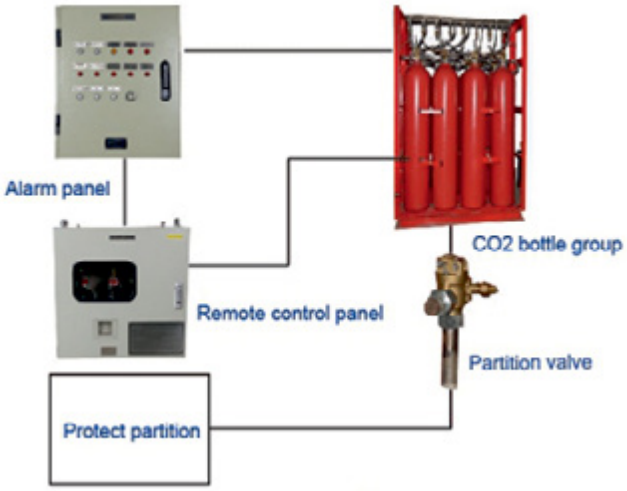

ICCP

Oceantech Shipping & Trading Ltd is the Official Distributor for the Greek & Cypriot Market of Shanghai **Rongde Engineering & Equipment Co. Ltd,** a company which integrates scientific research and production engineering.

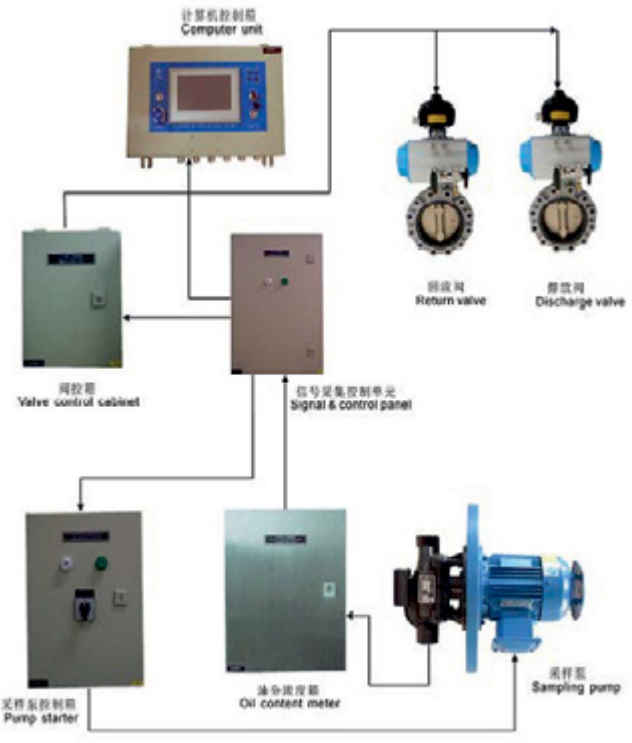

Fixed Waterbased & CO2 Fire Fighting Systems

Product Categories:

- Valve Remote Control and Level Measurement
- Liquid level monitoring and alarm device
- Fire Protection System
- Energy Saving Equipment

Oceantech is the authorized service station in Greece & Cyprus for supplying service for **RONGDE Fire Fighting Solutions & Equipment**

Float Level Sensors
The float type liquid level measuring device can be used not only for ballast water tanks, fuel oil tanks, draft meters, but also for measuring the liquid level of the cargo tanks, displaying temperature and steam pressure and also issuing an alarm signal when the value exceeds the set limit.

RD-ODME-IIA oil drain monitoring system

C.C.JENSEN A/S
Windows

We are proud to introduce our new partner, **CC Jensen**. They are an innovative provider in glass supply. **CC Jensen** specializes in repairing/upgrading glass and frame constructions on ships. They design, produce, and install ship windows and frame constructions in accordance with all major international and national standards, as well as with **ISO 1751 and ISO 3909.** They are able to offer our highly trained team of engineers, supervisors, technicians, and production staff to achieve the optimal solution.

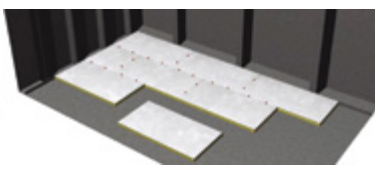

- Scuttles
- Fixed windows
- Sliding windows
- Fire rated windows & scuttles
- Glass
- Clamp-on windows
- Casted products

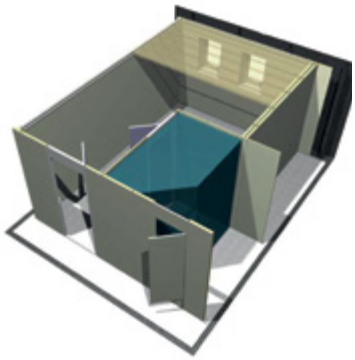

Inexa TNF offers unique products, innovative solutions, and fast delivery to every customer. With decades of experience in the industry, the company is distinguished for the quality and reliability of its products.

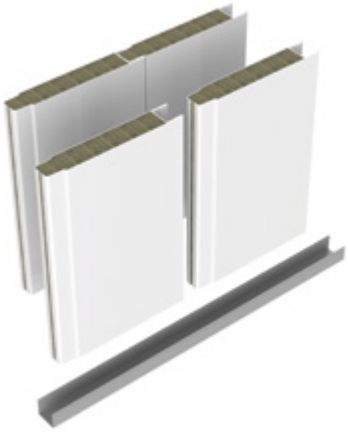

Whether it's for constructing a cabin or other applications, Inexa TNF provides comprehensive solutions that meet the needs and requirements of each project.

Walls and ceilings built to Norsok standards not only guarantee durability and reliability but also ensure effectiveness in noise cancellation. With **Inexa TNF,** you can be assured that you are choosing one of the top solutions in the field.

Oceantech Shipping & Trading Ltd proudly announce the formal cooperation with **FIRETEC ENGINEERING Co. Ltd.** This collaboration marks a significant step forward in our mission to offer state of the art Marine Technical Services to the International Shipping industry.

Deck Foam Fixed Fire Fighting System

A CO2 extinguishing system in Machinery spaces, reduces the oxygen in the air in the protected zone significantly below the natural level of 21 % by volume

Applications include:

- Cargo hold
- Cabin
- Separating oil cabin
- Pump cabin
- Engine room

FIXED DRY CHEMICAL POWDER FIRE EXTINGUISHING SYSTEM

The storage tanks of LPG, LNG on board need to protect with dry powder fire extinguishing medium. Dry powder system is consisted of dry powder cans, nitrogen bottles, release systems, as well as releasing powder gun of powder, connecting hoses and other equipment.

Oceantech Shipping & Trading Ltd represents **Jiangsu Jiaoyan Marine Equipment Co., Ltd**, a premier global manufacturer specializing in high-quality lifesaving appliances, including advanced lifeboats, rescue boats, and launching appliances. Renowned for its commitment to maritime safety and innovation, the company provides certified, reliable equipment that meets rigorous international standards for commercial shipping and offshore industries.

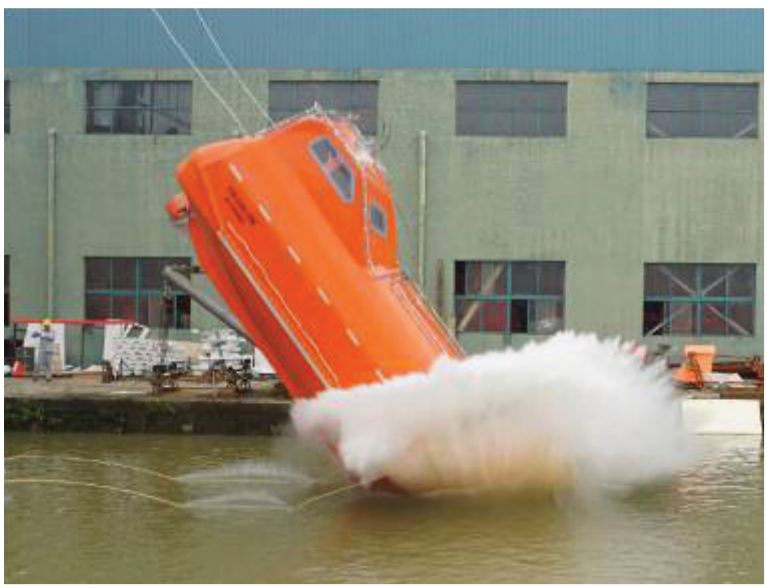

Committed to the highest standards of maritime safety, all products are fully compliant with SOLAS (Safety of Life at Sea) regulations and the latest LSA Code requirements

Products:

- Rescue Boat
- Tottally enclosed Lifeboat
- Fast Rescue Boat
- Free Fall Lifeboat
- Partially enclosed lifeboat
- Lifeboat Davits
- A Frame Rescue Boat Davit
- Single Arm Davits for Liferafts/Rescue Boats

Oceantech Shipping & Trading Ltd is the Official Distributor of **Fireboy** for the Greek & Cypriot Market. Fireboy is a leading provider of fire detection, fire suppression, and gas detection systems for marine and land-based applications.

Product Categories:

- Fire Detection Systems
- Fire Suppression Systems
- Gas Detection Systems
- Fire Safety Accessories & Control Systems

Fire Detection Systems

FBD Series Fire Detection Panels

Designed for small vessels, ideal for new builds and retrofits. Compliant with RCD (ISO 9094:2022) and MCA standards.
2-zone (FBD-2 / FBD2-A) and 4–12 zone configurable (FBD-MZ) options available.

Advanced Control Panels

Mariner Ocean 4 (8 & 12 zone) and Syncro ASM 2 loop panels provide reliable, cost-effective solutions for larger systems and Class Approval requirements.

Engineering Support

System design and configuration tailored to vessel class and operational needs.

Fire Suppression Systems

- FES Series: Clean agent total flooding systems with no residue.
- CG/MA/GA/CU-MU Series: Automatic extinguishers for engine rooms up to 4000 cu.ft.
- MAE Series: Ideal for land applications (data centers, control rooms).
- Portable Extinguishers: Halotron type for fuel and galley fires.

FERRYL
Anticorrosive Products

Oceantech Shipping & Trading Ltd is the Exclusive Distributor of Ferryl Anticorrosive Products for the Hellenic Market. **Ferryl Sales Ltd.** is originally a Swedish company, founded in 1955. Currently, they are manufacturers of special anticorrosive greases, oils and coatings, designed for ships.

Products:

- Wire Rope Lubricator
- 202 Standand Anticorrosive Grease
- 101 Anticorrosive Oil
- 103 Anticorrosive Drying Oil
- Rustoil Penetrating Oil
- 400R Anticorrosive White Coating
- 401 Anticorrosive Transparent Coating
- Ferrycid Rust remover
- Cleaning Fluid Oil & Grease Remover
- Electroclean
- Armacit Pipe Sealant

Advantages:

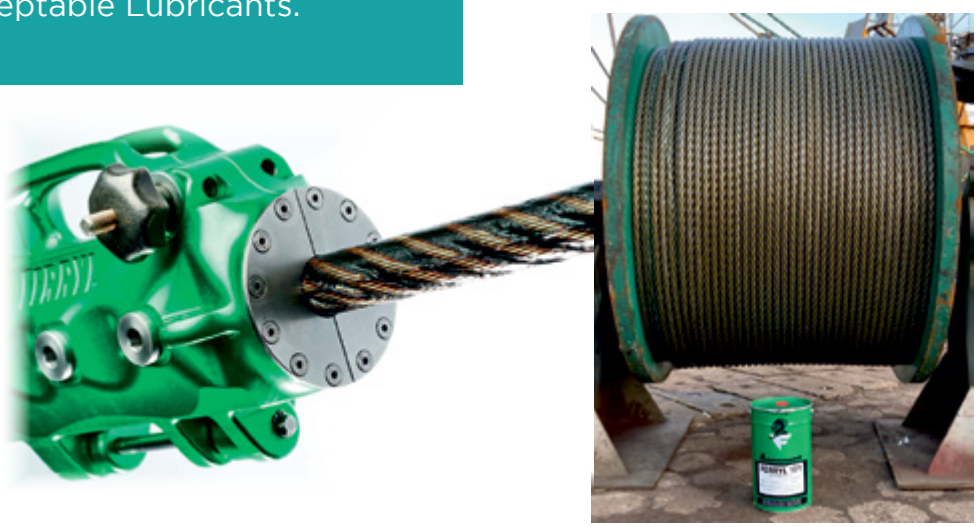

- Ultimate Rust Protection & Lubrication
- Extend of Wire Life & Efficiency
- Superior Penetration
- Easy to Apply
- Designed for the Harsh Marine Environment
- Non-Toxic & Biodegradable

Ferryl Global Stock Points

- Piraeus - Greece
- Houston - USA
- Singapore

VGP Compliance

Ferryl Sales Ltd. declares that the wire-rope lubrication products comply with the requirements set by the United States Environmental Agency's (EPA) 2013 for the Vessel General Permit and can therefore be considered as Environmental Acceptable Lubricants.

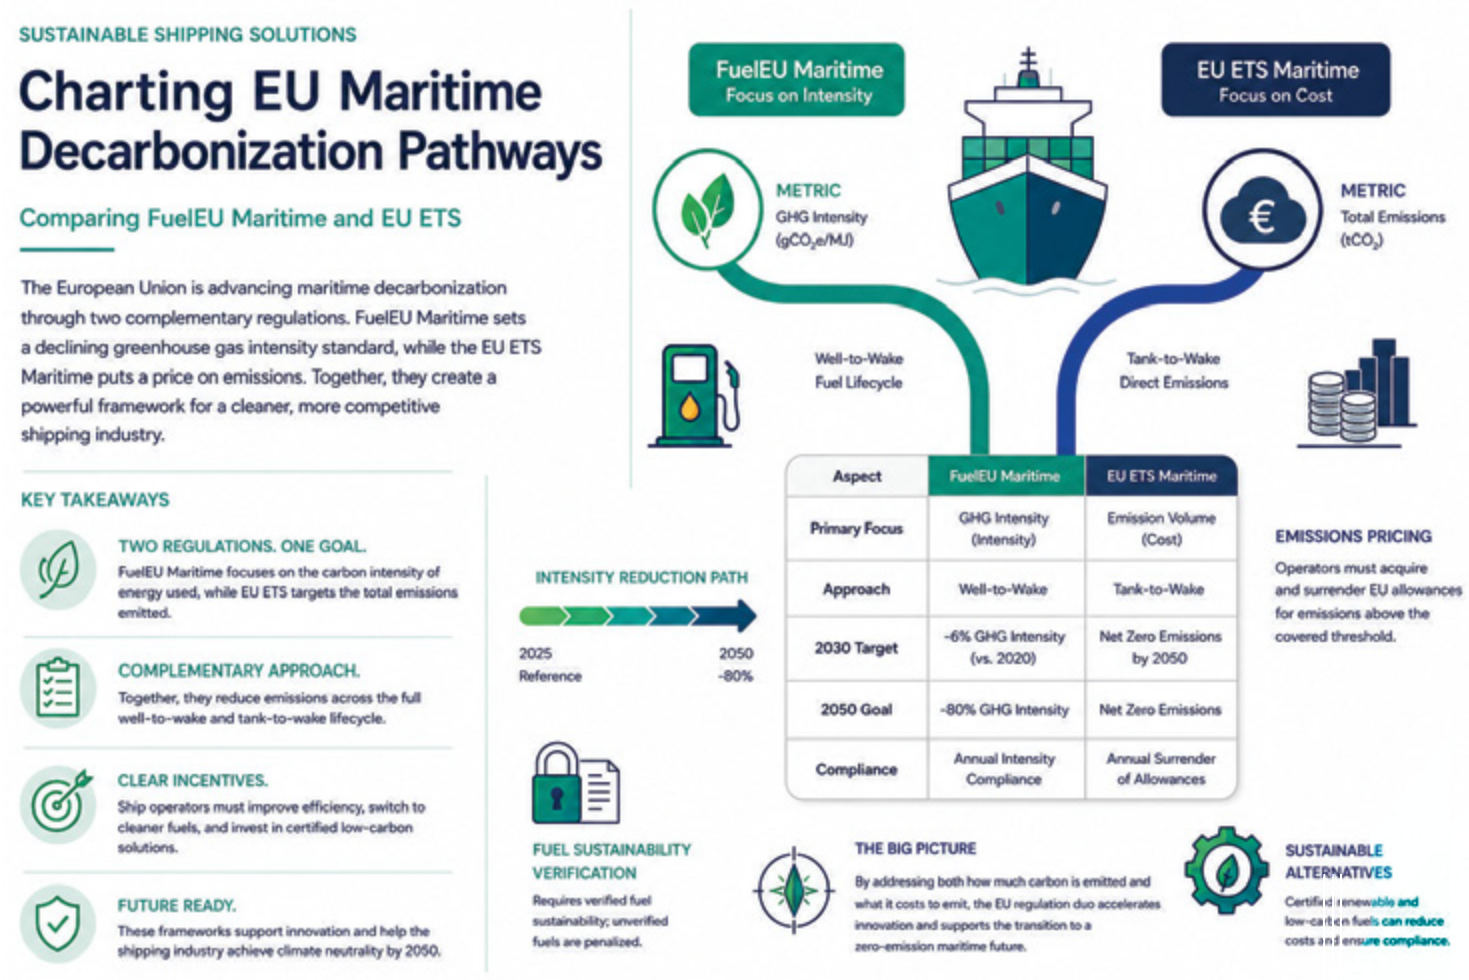

Oceantech Shipping & Trading Ltd is the Authorized Agent of **NAVARIS,** an ETS & Fuel EU Solutions provider. Navaris assist shipowners and operators understand, manage, and mitigate emissions-related financial risk across ETS, FuelEU and beyond — combining technology with direct access to expert support.

What Navaris Does Differently

We act as a knowledge partner, not just a software provider.

- Built for Shipping SMEs (Low Friction) : Clear on boarding, practical entry packages, and solutions that work even if Excel or other system is still the core system
- ETS + FuelEU, End-to-End : From MOHA (Maritime Operator Holding Account) account setup and on boarding to vessel-level pooling decisions to procurement and risk management support. Not just dashboards - but execution.
- Real People, Real Expertise : Direct access to experts who translate regulation into actionable decisions and measurable ROI. Always only one phone call away, not ChatBots, ChatGPT etc. just People.

NAVI ENGINES

Oceantech Shipping & Trading Ltd is the exclusive agent for the Greek and Cypriot Market of NAVI Engines Sp. Zoo. NAVI Engines is a Poland-based company specializing in marine, oil & gas, and industrial diesel engine services, headquartered in Gdynia Poland

The company provides a full range of technical services including:

- Engine diagnostics (endoscopy, vibration analysis, timing & compression adjustment)
- Engine repairs and overhauls
- Fuel system servicing and calibration
- Crankshaft machining and mechanical works

Speciallized in servicing:

We are specialized in repair and overhauling of mentioned below types of engines:

- CATERPILLAR
- CUMMINS
- DEUTZ
- HiMSEN
- Wärtsilä
- BERGEN/ROLLS ROYCE
- SCANIA
- SULZER
- MaK
- MAN
- YANMAR
- DAIHATSU
- MITSUBISHI
- VOLVO PENTA

DIESEL ENGINE SERVICES

Oceantech Shipping & Trading Ltd can offer servicing of Main and Auxiliary marine Engines and Equipment.

We specializes in in-situ repairs and supply of Genuine, OEM or aftermarket spare parts for following types of engines:

- MAN B&W
- SULZER
- WARTSILA
- DAIHATSU
- HUINDAY HIMSEN
- YANMAR
- RUSTON
- CUMMINS
- CATERPILLAR
- MTU
- VOLVO PENTA
- SCANIA

- **MACHINING, POLISHING AND CRANKSHAFTS REPLACEMENT ON BOARD BY CERTIFIED ENGINEERS**

Comprehensive Overhaul & Maintenance Services for main and auxiliary engines, including crankshaft replacement, alignment checks, and major component repairs

Oceantech Shipping & Trading Ltd can offer comprehensive Technical Support, Repairs and Maintenance to Cargo Gear Equipment and **Windlasses**

Winches & Windlasses

- Winch Overhauls
- Hydraulic Oil Replacement
- Motor Service
- Inspection and Repairs of Pumps, Motors and Transmissions.
- Brake Lining and machining of Brake Surface
- Reconditioning of Winch & Windlasses

Our 24/7 onboard teams are able to travel globally for overhauls either at port or offshore.

Hydraulic Repairs

- Diagnosis of hydraulic Systems
- Hydraulic Cylinder Repairs
- Hose Replacement
- Slewing and Rotation Gear Service and Replacement
- Hydraulic Cylinder Sealings

AUTOMATION SERVICES

At **Oceantech,** we provide comprehensive marine automation solutions designed to enhance vessel performance, safety, and efficiency.

Marine System Maintenance

- Diesel Generators Service & Spare Parts
- Main and Auxiliary Propulsion Systems\
- Stabilizers
- Steering Gear
- BWMS Service
- Hydraulic Equipment
- Remote control valve Equipment

Our Capabilities Include:

- Design and integration of marine automation systems
- PLC programming and control solutions
- Alarm, monitoring, and safety systems
- Engine room automation and power management
- Troubleshooting, diagnostics, and technical support
- System upgrades, retrofits, and modernization
